

**How do we make shared  
micromobility  
work for everyone**

November 2022

Neuron acknowledges and pays respects to the First Nations and Traditional Custodians of the land and waters encompassing where we are privileged to operate on and our staff and families work and live.

We value and celebrate the spiritual connection to culture and Country, and respectfully acknowledge all Elders past, present and emerging.

We recognise the value of shared wisdom and the importance of their guidance as we work and walk together towards a connected Country.

# Integrating with cities

**Bring more customers to local businesses** by setting up virtual parking stations nearby, collaborating on promotions and expanding our Neighbourhood Connect program

**Bolster local transport networks** by tailoring our services to better serve the needs and movement habits of local workers and residents

**Help ensure large events run smoothly** by working with organisers to anticipate and cater to increased demand and traffic from participants and visitors

**Promote tourism in our cities** by working with more local destinations so visitors and tourists can do more, and spend more, at key attractions, businesses and economic zones

# Partnering with cities

- ❑ Collaboration with all levels of Government
- ❑ Bespoke solutions to meet the needs of each city
- ❑ Being responsive to community feedback
