Drivers and need for change

Did you know....

More than half of car trips in Greater Sydney are under 5 km in length...

...that's over 3.5 million trips every day!

70% of people would cycle if it was safe

30 minutes

of walking a day lowers the risk of heart disease, stroke and diabetes by 30-40%

Cars account for around 70% of trips shorter than **2 kilometres**

Drivers and need for change

Population growth

Changing movement patterns

Climate Change and Emissions

Economic drivers

Equity

Technological transformation
